CRISP (www.crispindia.org) is looking for an intern with educational background (Agriculture/rural development/social sciences) to work as an intern for a period of 6 months at Hyderabad, India

About Us

The Centre for Research on Innovation and Science Policy (CRISP) is a non-profit research organization established in March 2004 to promote research in the area of innovation policy in relation to agriculture and rural development. The founding members of CRISP have been on the forefront of research on innovation policy internationally. This coalition of science policy researchers saw a need for a more holistic approach to innovation policy and CRISP was established mainly to promote policy relevant research on rural innovation. We also host the network-Agricultural Extension in South Asia (www.aesanetwork.org)
